ROSTER

STATS

Hi Jess,

I hope this finds you well and getting ready for a great spring of women's lacrosse. As I am sure you know by now the college game is in full swing and soon it'll be your turn to get your girls ready to play!

I wanted to take a few minutes to get in touch being that I feel I am constantly on my email with your girls and their parents, but I haven't always been able to have a lot of contact with you during this busy time and I thought I should correct that.

First of all, I wanted to pass along my contact information to you in case you need/want to be in touch regarding one of your players and er interest in BU. The best way to get in touch is always by email - [earobert@bu.edu](mailto:earobert@bu.edu) and then secondary by phone at 617-353-2094. I am not great with my work phone, but I am trying!! Feel free to pass that along to your players in case they have questions too.

Secondly, I wanted to invite you and your team to come see us play if it's convenient. We have a young team here at BU and they bring a ton of talk and lot of energy to the game - so if that's something that you want your girls to see, come on over! Our schedule as well as our team make up and news each week are on the links up to your left - check em out. If you have the chance to come to a home game at Nickerson Field just let me know so that I can be sure to meet with your girls and potentially have them meet the team as well!

Lastly, I wanted to share with you information on our *2008 Around the Crease Lacrosse Elite Overnight Clinic* being held this summer at Boston University July 14-16. This 3-day overnight clinic is designed to work on the individual stickwork, play and confidence of high school girls in a fun setting. It's a smaller setting, maxing out with 90 girls, and members of the BU staff and team along with JMU assistant Lindsay Lewis and VA Tech assistant

**Megan Burkner will work closely with your players on a 1 on 1 basis. Information can be found at [www.goterriers.com](http://www.goterriers.com), [www.active.com/camps](http://www.active.com/camps) and in addition our brochure is attached to this email. If you have the chance to pass this information along to your players that would be great and any questions you may have please don't hesitate to let me know!**

Liz
